Public Health Emergency Preparedness & Response

The Emergency Preparedness and Response division coordinates public health responses to disease outbreaks and other public health issues resulting from man-made or natural disaster events.

Outreach

Our outreach teams develop, coordinate, and implement educational programs on a variety of public health topics at various locations. Staff participates in collaborations to create a healthier community and provides resources to the community. Call (979) 361-5730 to request health information or to schedule an educational program.
